SIR

With reference to your letter No L 5268 dated 28th January 1932 requesting that a final report may be submitted, regarding the construction of a separate building for the Kannada Girls' School at Sira which is to be handed over to the Local Municipality for being added on to the compound of the adjacent Musafirkhana, I have the honor to state that - the school Board Officer, Tumkur District in his letter No Bl- 199-30 of 31-32 dated 23rd December 1931 addressed to the Deputy Commissioner, Tumkur District states that the site adjacent to the one promised by the Municipality and belonging to the Public Works Department may be acquired in addition to the site adjacent to the Co-operative Society Buildings and that no other site suitable for the Girls' School is available

The Deputy Commissioner, Tumkur District, states in his letter No A3- C 444 of 31-32 dated 9th January 1932 that the President, Town Municipal Council, Sira, has been requested to furnish the necessary information as to whether the Municipality would pay the value of the present building as estimated by the Executive Engineer now and give a convenient site for the construction of a separate building and that that officer has also been reminded to furnish the required information immediately

The Deputy Commissioner has to-day been requested to furnish

18) Till 25th April 1929, the Bhattiram building has not been handed over to the municipality by the donor. There is no information that it has been handed over since. Under these circumstances it is not clear how the cost of the building can be met out of municipal funds. The question whether the Bhattiram building has been handed over to the municipality has been raised, but not pursued. In view of the fact that orders have been passed that the building may be handed over to the municipality if they pay the cost of the building etc, and that the Municipal Council have resolved that the building may be handed over to them for extending the compound of the Bhattiram the question as to whether the Bhattiram has come to the possession of the municipality may not be raised now. Pending the question of construction of a Boys' school, building, or the location of the school in the municipal area, the Municipal Council may perhaps be enquired whether they are prepared to purchase the girls' school building at a cost of Rs 1600/ the valuation for the building fixed by the P W D:

Honoured Sir,

The Petitioner has built the "Puttamman Papannah Sarvajanik Choultry" at Sira, jointly with the late Srimathi Puttamman at a cost of Rs 22,000-0-0 Although it is years since the main building of the Choultry had been completed, although the petitioner had petitioned to Government several times to grant him the Sira Girls School premises adjoining the Choultry, for building compound wall and out-houses, and although the Government had instructed the Revenue Commissioner to grant the petitioner's request, the Sira Girls School premises have not yet been granted to me Hence the above Choultry charity remains incomplete

It might be interesting to note that late Srimathi Puttammah & myself have set apart jointly Rs 8,000-0-0 for compound wall, out-houses, [redacted], etc, and the money is remaining idle as the Government has not granted the Sira Girls School premises Urless your horour takes some interest and see that Government instructions are given effect to the above Rs 8,000-0-0 instead of going towards charity would remain a waste or lapse Hence, in the name of charity, the petitioner urges your honour to take kind interest in the matter and see that the Sira Girls School premises are granted to me immediately in order to enable me to complete the incomplete Choultry at a further cost of Rs 8,000-0-0

I remain,
Honoured Sir,
Yours very faithfully,

SIR

With reference to your letter No L 1445 dated 26th August 1931 regarding the construction of a separate building for the Kannada Girls School at Sira, in connection with the question of handing over the present Girls' School building to the local Municipality for being added on to the compound of the adjacent Musafirkhana, I have the honor to state that the Deputy Commissioner, Tumkur District who was requested to communicate the views of the Municipality in regard to the construction of a separate building for the Girls' School, intimated in his letter No L Dis A3- 2680 of 29-30 dated 3rd April 1930 that the Municipal Council resolved that a site might be given for the construction of the building and that 2/3 of the cost of the construction of the proposed building might be borne by the Municipality It was further stated by the Deputy Commissioner that the Municipal Council opined that a building might be taken up for rent till a new building was put up and the rent therefor, might be paid out of Municipal funds adjustable towards the Municipal quota for the construction of the Girls' School building The Deputy Commissioner was then informed that the Department would prefer the Municipality paying a definite sum for the existing building exclusive of the rent to be borne by them for the building to be hired until a new building was constructed A sketch plan of the site proposed to be given for the construction of the building was also asked for fro

the Deputy Commissioner That Officer forwarded with his letter No G1 1633/L Dis 2680/29-30 dated 8th April 1931 sketch plans of the two alternative sites selected by the Municipality and also a letter from the President of the Municipal Council in which the Municipality had valued the existing building at a sum of Rs 1500/ only As this value, fixed by the Municipality, was very low, the Executive Engineer, Tumkur Division was requested in this office letter No B1- 8459-871 of 27-28 dated 23rd April 1931 to furnish a statement of valuation of the building and the District Educa tional Officer, Tumkur was asked to report the suitability of the site for the construction of a building for the Girls ' School The reply from the Executive Engineer is still awaited

Since control over Primary Education has recently been - - transferred to Local Educational Authorities the school Board Officer, Tumkur has been requested in this office letter No B1- 8459-871 of 27-28 dated 25th August 1931 (copy enclosed) to refer the question to the Local Educational Authority for taking fur ther action in the matter and for submitting a final report to Government

SIR

In continuation of this office letter No B1- 8459-871 of 27-28 dated 15th February 1932, regarding the construction of a separate building for the Kannada Girls' School at Sira whose present building is to be handed over to the Local Municipality for being added on to the compound of the adjacent Musafirkhana, I have the honor to state that the President of the Town Municipal Council, Sira states in his letter No ML 192 of 31-32 dated 25th January 1932 addressed to the Deputy Commissioner, Tumkur (copy enclosed) that it was resolved in the meeting of the Municipal Council held on 25th January 1932 that an additional site adjacent to the one already promised by the Municipality may also be granted to the Education Department and that the site was jointly inspected by the School Board Officer and the President and was found to be suitable for the purpose The President further states that it is understood that the question of handing over the Musaferkhana building itself for the use of the Primary Boys' School at the place, seems to be on the agenda of subjects to be discussed at the next meeting of the District Board If this Musaferkhana building is handed over for the use of the Primary Boys School, the Girls' School can be shifted to the building in the Petah where the Primary Boys' School is being held at present The Musaferkhana building was also inspected by the School Board Officer and he is of opinion that with slight alteration

PTO

to the building, it is well suited for the Boys' School If this building is handed over to the Education Department, the question of providing a separate building for the Kannada Girls' School will be solved very easily, and there will be no need for the grant of the sites for the Girls' School In the circumstances the Deputy Commissioner, Tumkur has been requested to obtain and communicate the views of the District Board in the matter of handing over the musafer khana building to the Education Department On receipt of a reply from him, a further report in the matter will be submitted to Government

---

With reference to your Memo No A3 C 444 of 31 32 dated the 9th instant regarding the grant of a site to the girls school building at Sira I beg to state that as desired by the School Board Officer, Tumkur, the question of granting another site adjacent to the one promised already by the Municipality, was discussed in the Municipal Council in their meeting held on the 25th January 1932 The Council are agreeable to grant the additional site asked for The School Board Officer and myself have jointly inspected this site to-day and both of us have agreed as to the suitability of the site for the school I may add that these sites have already been personally inspected by you as well

In this connection, I understand that the question of handing over the Musafirkhana building here for the primary boys school seems to be on the Agenda for discussion xxxh at the next meeting of the District Board If this building is handed over for the boys school the girls school can be shifted to the building in the petah where the boys school is being held now The Musafirkhana building was also inspected by the School Board Officer to-day and he is of opinion that with some slight alterations it is very well suited for the boys school Hence if this building is made over to the Education Department the question of providing a building for the girls school will solve itself easily and there will be no need for the grant of sites for the construction of a new building for the girls school

Dear Sir,

As you are aware my late lamented father Mr C Papannah has built the " Puttammah Papannah Sarvajanik Choultry " at Sira, jointly with the late Srimathi Puttammah at a cost of Rs 22,000/- You yourself had been pleased to lay its foundation on the year 1926. Although it is years since the main building of the Coultry had been completed, although my late father petitioned to you several times to grant him the Sira Girls' School premises adjoining the Choultry for building compound wall, kitchens, bath rooms, out-houses, gardens etc, and although you yourself promised him to grant the Girls' School, and personally directed the Revenue Commissioner to do so, the Sira Girls' School premises were not granted to him

It might be interesting to note that my late father and late Srimathi Puttammah have set apart jointly Rs 8,000/- for building compound well etc and the money is lying idle and would lapse My late father approached you many times and was unsuccessful in getting the school premises Before he breathed his last on 18-1-1932, he has instructed me to approach you and have that Sira Charity completed Hence in the name of charity, I request your honour to take proper interest in the matter, and instead of directing me to others to see yourself that the Sira Girls' School premises are granted to me immediately to complete the incomplete Choultry at a further cost of Rs 8,000/- The consummation of my request will have the double result

of

of fulfilling my late lamented father's noble wish and completing the charity, the foundation of which was laid by your kind hands

I remain,

To No 8

R Ranga Rao, Esq, B A, B L,
General Secretary to Government,
Bangalore

Sir

With reference to your letter No L 8138/ML dated 8th June 1932 requesting that a further report may be submitted in the matter of - shifting the Girls' School to the Primary Boys' School building and the Primary Boys School to the Musaferkhana building at Sira, I have the honor to submit that the District Board, Tumkur propose to give the two wings of the Musaferkhana building to this Department for locating the Primary Boys' School, retaining the remaining portion (III wing) for the District Board themselves The President of the District Board, Tumkur intimates further in his letter No C 968 of 31-32 dated 20th/22nd June 1932, that the necessary approval of the District Board would be obtained to hand over the said two wings after the sum of Rs. 1,600/-, and two vacant sites promised by the Sira Municipality in exchange for the Girls' School building, are given over to the Board

In this connection it is reported that the Primary Boys' School has got a strength of 210 students and that the two wings of the Musaferkhana building proposed to be given for this school, are not quite suited for holding all the classes, as the rooms are not spacious and the ventilation is scanty, thus requiring certain alterations and improvements to suit the requirements of the school

It will be seen from the sketch plan of the Musaferkhana buil (copy enclosed) that the portion proposed to be given for the scho does not seem to be quite sufficient for the present strength of 2 students and that it appears to be not desirable to allow the Dist Board to retain the central portion of the building to be used as place of resort for travellers.

In these circumstances, the President of the District Board h been requested to state whether the Board are agreeable to place t entire building at the disposal of the Department I shall be tou in the Tumkur District in the month of August, and the buildings s be inspected regarding their suitability for the Boys' School further report submitted after the receipt of a reply from the Pr District Board, Tumkur in the light of my own inspection

I have the honor to be,

Sir,

Sir

In continuation of this office letter No Bl- 8459-871 of 27-28 dated 30th July 1932, in the matter of shifting the Girls' School to the Primary Boys School building and the Primary Boys School to the Musaferkhana building at Sira, I have the honor to submit herewith a plan of the Musaferkhana building and to state that the President, District Board, Tumkur intimates in his letter No C 968 of 31-32 dated 13th/17th August 1932 (copy enclosed) that the entire building after effecting the required alterations to suit the requirements of the primary Boys' School will be handed over to the Education Department except the portion marked A B C D on the plan in red ink, which will be reserved, for locating the office of the Range Sanitary Inspector attached to the District Board and that the Board is agreeable to this proposal of handing over the major portion of the Musaferkhana building for locating the Primary Boys' School in exchange for a sum of Rs.1600/- and two vacant sites which the Sira Municipality have resolved to give to the Department in exchange for the Girls' School building

It is reported by the School Board Officer, Tumkur, that the portion of the Musaferkhana building proposed to be given by the District Board, will accommodate all the classes of the Boys' School

after the required alterations are effected and that the present Primary Boys' School building is situated in the heart of the town and is convenient for the Girls' School This arrangement will solve the problem of providing accommodation for both the Boys' and Girls' Schools without any extra expenditure to the Education Department.

Since only a part of the Musaferkhana will be reserved by the District Board for locating the office of the Range Sanitary Inspector and no travellers will be allowed to the building, I request that Government may be pleased to approve of the proposals for transferring the present Girls' School building to the Municipality for a sum of Rs 1,600/- and two vacant sites and to hand over the above sum and the sites to the District Board in exchange for the major portion of the Musaferkhana after the required alterations to suit the requirements of the Primary Boys' School are effected by the District Board and of the shifting of the Primary Boys' and Girls' Schools to the respective buildings

In the above circumstances, it is considered unnecessary that the building should be inspected by me as stated in my previous letter dated 30th July 1932

I have the honor to be,

Sir,

Your most obedient servant,

With reference to your letter No Bl- 8459-871 of 27-28 dated 29th July 1932 requesting me to inform you if the Board is willing to hand over the entire building of the Sira Musafir khana to your Department with the required alterations to suit the requirements of the school, I have the honor to state that the entire building except the portion marked A B C D in red ink in the plan enclosed will be handed over to your Department The portion reserved will be used for the office of the Range Sanitary Inspector and not for travellers

Necessary alterations to the building to suit the school will be got done on receipt of a reply from you I can say that after alterations the portion of the building that this Board is willing to give to the school will be quite sufficient for the school The Sira Municipality which has resolved to give Rs 1600 two vacant sites in exchange for this building may be asked to credit the amount and also to hand over the two sites to this Board

Letter No D 6456/Edn 285-28- dated the 12th December 1929 from the Secretary to Govt to the Director of Public Instruction in Mysore directing that the Girls' School building at Sira may be made over to the Municipal Council for providing open space and compound wall to the adjoining choultry if the Municipalit pays to the Education Department, the value of the building as fixed by the Public Works Department and also gives a site or builds a new building for the school on a site approved by the Education Department.

2 Correspondence ending with letter No B 1-8459-871 of 27-28 dated the 10th September 1932 from the Director of Public Instruction stating that the Municipal Council of Sira has resolved to pay a sum of Rs 1600/- being half the estimated cost of the Girls' School building in addition to two sites, that the President, District Boar Turkur, requests that this amount together with the sites promised by the Municipality may be placed at the disposal of the Distric Board since they have resolved to place, after retaining a small block for the office of the Range Sanitary Inspector, a major portion of the Musafirkhana building with the necessary alteration thereto, as per plan appended, at the disposal of the Educa- tion Department and that this is quite sufficient for accommodating the Prim

Primary Boys' School amd requesting sanction to the handing over of the Girls School building to the Municipality and to the placing of the sum of Rs 1600/- and two vacant sites promised by the Municipality at the disposal of the District Board and the shifting of the Boys' School to the Musafir khana building after the necessary alterations are effected by the District Board
